

AMENDMENTS TO THE SPECIFICATION

Please amend the first complete paragraph on page 10 of the application (paragraph [0077] of the published application) as follows:

While the apparatus has been described in relation to pulses, such as a collimated beam of pulses, it is to be appreciated that the present invention may also be implemented using a continuous wave (CW) source. Continuous wave generation is described in detail in ~~European patent application number 01907935.9~~ U.S. Patent No. 7,174,037, which is incorporated herein by reference in its entirety.

Please insert the following heading after the title and before the first paragraph of page 1 of the application (before paragraph [0001] of the published application):

FIELD OF THE INVENTION

Please insert the following heading between the first and second paragraphs of page 1 of the application (between paragraphs [0001] and [0002] of the published application):

BACKGROUND OF THE INVENTION

Please insert the following heading between the third and fourth complete paragraphs of page 4 of the application (between paragraphs [0021] and [0022] of the published application):

BRIEF SUMMARY OF THE INVENTION

Please insert the following heading before the first complete paragraph of page 7 of the application (between paragraphs [0056] and [0057] of the published application):

BRIEF DESCRIPTION OF THE DRAWINGS

Please insert the following heading between the fourth and fifth complete paragraphs of page 8 of the application (between paragraphs [0069] and [0070] of the published application):

DETAILED DESCRIPTION OF PREFERRED EMBODIMENTS
